

# Poly-Coated Tuff-Spun™

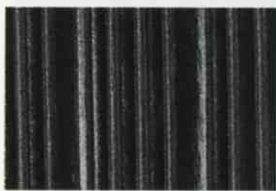

**CONSTRUCTION:**

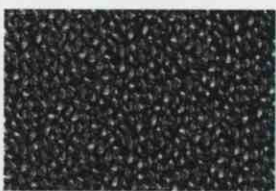

- 100% closed cell vinyl sponge with a surface coat of polyurethane.
- 3/8" thick.
- Available in ribbed or pebble surface.
- Colour availability: Black

**FEATURES AND BENEFITS:**

- Polyurethane coating provides increased durability, resistance to abrasion and makes cleaning easier.
- Pebble surface resists wear longer than the ribbed surface.
- Bevelled edges help to eliminate trip and slip hazards.
- 3/8" cushioned sponge provides lower back and leg relief combating employee fatigue from standing.
- Resists many common fluids and chemicals.
- Available with non-skid Mat Lock backing (optional).

Available in custom cut lengths		

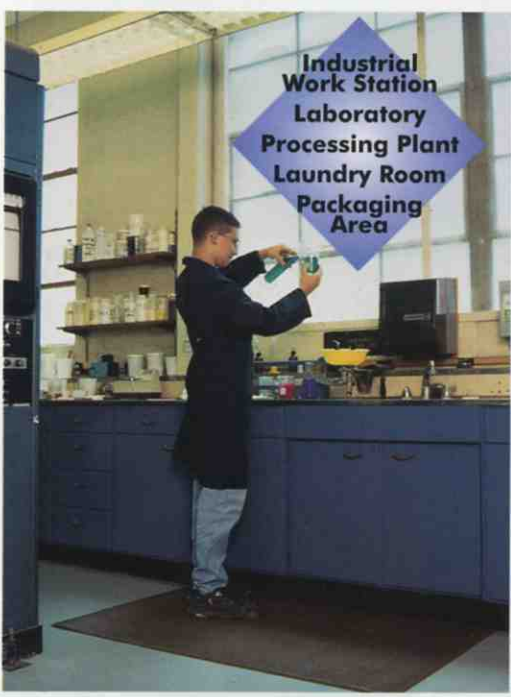

# Grit-Top Tuff-Spun™

**CONSTRUCTION:**

- 3/8" closed cell sponge with an abrasive particle grit-top.
- Available in embossed pebble surface with bevelled borders.
- Colour availability: black or brown.

**FEATURES AND BENEFITS:**

- Provides a comfortable surface to stand or walk on relieving stress and fatigue from leg and back muscles.
- Non-skid abrasive surface improves slip resistance.
- Bevelled borders minimize the hazards of tripping and falling.
- Resists most oils and chemicals.
- Available with non-skid Mat Lock backing (optional).
