

# Erg-O-Nomic™

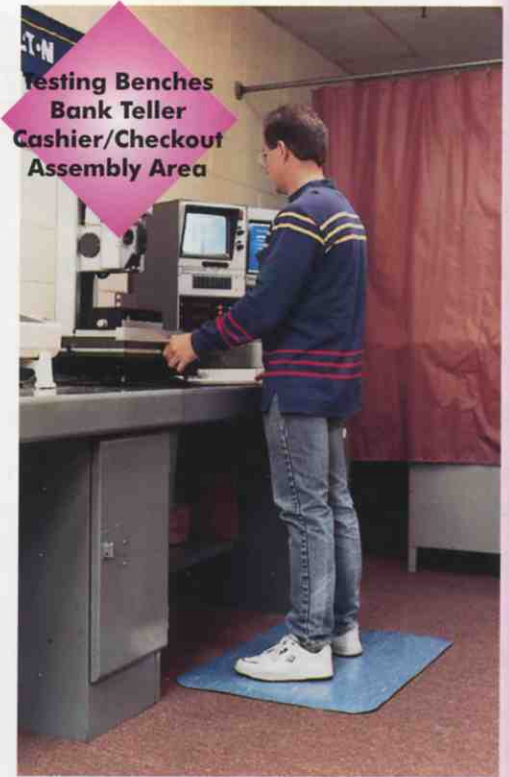

## CONSTRUCTION:

- Two foams, one high density and one low density are laminated to marbled rubber or vinyl surfaces.
- Over thickness 1/2".

## FEATURES AND BENEFITS:

- Different foam densities makes the Ergonomic mat the state of the art in anti-fatigue matting.
- Reduces fatigue caused by long standing jobs.
- Dual foam densities promote movement in leg and back muscles, thereby permitting a normal circulation and minimizing fatigue, pain and discomfort.
- Resistant to many common fluids and chemicals.
- Colours - see page 10.

Mats		
18" x 30"	24" x 36"	
Custom sizes available.		

# Salon Mat™

## CONSTRUCTION:

- Vinyl surface laminated to a closed cell 5/16" vinyl sponge.
- Overall thickness of approximately 1/2".
- Available in 2 shapes: Semi-circular (with or without cut out) and rectangular (with or without cut out).
- Available in 5/16" or 7/16" rubber sponge back (optional).

## FEATURES AND BENEFITS:

- The anti-fatigue solution for beauty salons, barber shops and dentist offices.
- Vinyl surface makes this mat easy to clean with a broom or a wet mop.
- Bevelled edges minimize trip hazards.
- Provides excellent anti-fatigue while protecting the floor.
