

LAMINATED ANTI-FATIGUE

Carpet Top

CONSTRUCTION:

- 100% Olefin carpet fused to vinyl backing and laminated to 5/16" vinyl sponge.
- Total thickness of approximately 1/2".
- Available with a 5/16" rubber sponge back (optional).
- Available in 12 attractive colours displayed on this page.

FEATURES AND BENEFITS:

- Resists and conceals high heel damage, scuffs and heel marks.
- Withstands aggressive wear, stain resistant and is easy to clean.
- Bevelled borders permit the mat to lay flat and reduce trip hazards.
- Effective defence against employee fatigue and discomfort associated with long term standing.
- Available with non-skid Mat Lock backing (optional).
