

**COMPOSITE MATTING**- A durable and dependable, "walking on air" anti-fatigue solution for health, commercial and industrial applications.

# Worker's Delight™

**New!**

**HP**

Using selected surfaces & fusing Zedlan™ to the back . . . we have created a product resulting in a softer, more resilient family of mats with decreased movement and sliding.

Zedlan™ adds both comfort and durability to the surfaces of all Cushion Step products along with Industrial Deck Plate (with and without yellow border), Textured and Corrugated matting.

Anti-Fatigue Better    Wear Resistance Better    Slip Resistance Better

For standard sizes refer to pg 10, 12, & 13. Available in custom cut lengths.

## Cushion Step

Greater Softness

Greater Durability

Greater Slip Resistance

## Industrial Deck Plate

## Textured Rubber

## Corrugated Rubber
