Regal-Aire™

CONSTRUCTION:

- Industrial grade ribbed vinyl surface fused to a cellular vinyl sponge.
- Overall thickness of 3/8".
- Adhesive free.

FEATURES AND BENEFITS:

- Constructed to last in tough industrial environments; the extremely durable surface resists common fluids and chemicals.
- This product will not delaminate.
- Thick vinyl sponge flexes muscles which allows for normal blood circulation and decreases fatigue and lower back and leg discomfort.
- Ribbed surface provides excellent traction and increased durability.
