

Safewalk Light™ **HP**

CONSTRUCTION:

- 1/2" vulcanized rubber mat with circular drainage holes and raised surface ribs.
- Bevelled on all 4 sides.
- Available in two grades:

general purpose	Black	
grease proof	Gray	2 yr. warranty
grease proof	Terra Cotta	1 yr. warranty

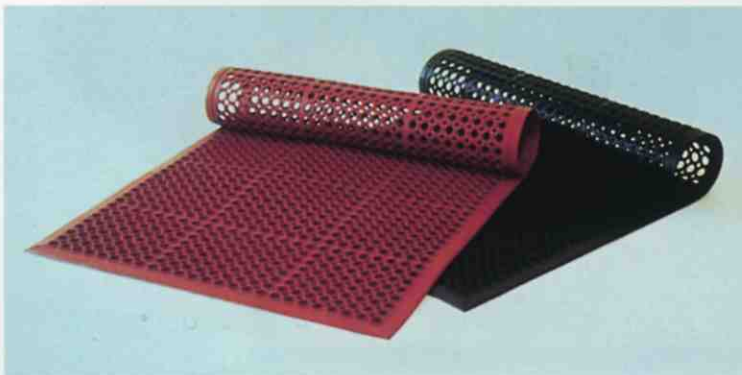

FEATURES AND BENEFITS:

- Raised Ribs on surface reduces risk of slipping.
- Clean-up and handling time is less because of the mat's light weight construction.
- Large circular openings allow liquid and debris drainage, keeping the top of the mat dry, reducing the chance of slips or falls.
- 1/2" vulcanized rubber provides full cushion comfort to reduce muscular fatigue.
- Performs in both wet or dry areas.
- Withstands tough industrial use.
