

DRAIN-THROUGH MATTING

Optimat®

CONSTRUCTION:

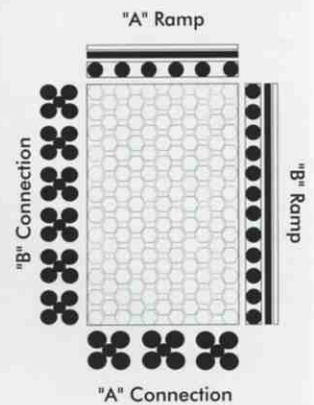

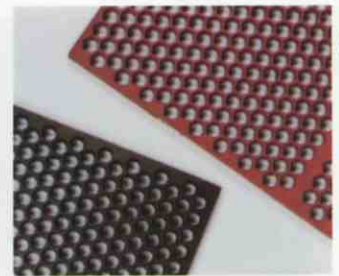

- 1/2" thick rubber mat with a large honey comb design, drainage holes and raised rib back.
- Connectors available for oversized mats as well as bevelled borders to reduce tripping.

FEATURES AND BENEFITS:

- Rubber provides superior foot comfort and relief from fatigue.
- Advanced honey comb design and construction gives sure-grip traction, prevents slippage, facilitates drainage and reduces clogging.
- Mat anchors securely to the floor.
- Interlocking design keeps mats from separating, even when pulled.
- Available in grease proof red and grease resistant brown.

Safewalk™

CONSTRUCTION:

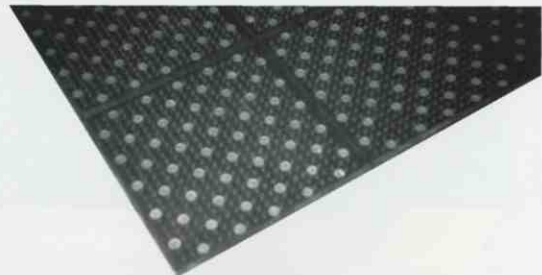

- 7/8" thick quality rubber mat with hygienically designed drain through holes and raised non-skid surface ridges.
- Connectors and bevelled borders available (optional).

FEATURES AND BENEFITS:

- Especially designed to allow residue to pass completely through the holes without trapping debris and bacteria.
- This cushion comfort rubber anti-fatigue mat has a resilient surface that reduces breakage, maximizes cleanliness and reduces the effects of fatigue.
- 1/8" raised surface ridges provides assurance against slips and falls in both wet and dry areas.
- Thick high quality rubber provides cushioned comfort, decreasing the problems related to muscle fatigue.

Standard Size		
39" x 58.5"		
Colour availability: Black only (general purpose)		

Mul-T-Mat™

CONSTRUCTION:

- 3/8" thick high quality rubber mat with circular drain openings and unique raised knobs on both sides.
- Connectors and bevelled borders available (optional).

FEATURES AND BENEFITS:

- Durable, reversible floor mat which is constructed to minimize the potential for slips and falls in the wettest areas.
- 3/8" quality rubber cushions the feet and reduces the effects of fatigue.
- Round holes allow liquid and debris to drain off, keeping the mat surface dry.
- Raised knob on both sides allows the mat to be reversible, doubling the life of the product.
