

# Air Step™

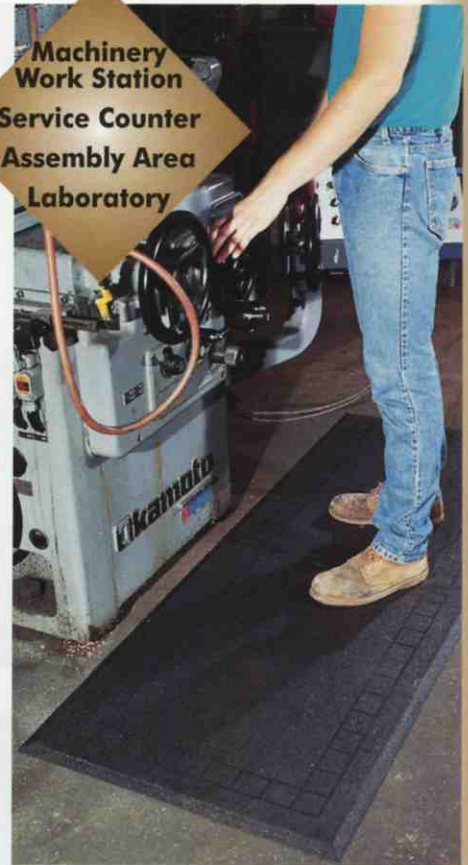

**CONSTRUCTION:**

- Vulcanized rubber mat with a solid top and waffle back.
- Overall thickness 1/2".
- Available in individual bevelled single units or interlocking modules.
- Available in general purpose or grease resistant (black only).

**FEATURES AND BENEFITS:**

- Thick modular interlocking rubber mat/runner for any work area and any length requirement.
- The mat's underside is constructed of numerous rectangular air cells providing buoyancy and superior protection against muscular fatigue.
- The pebble embossed surface provides a slip resistant surface.
- The modular design allows customizing to any length by simply adding center sections.
- End sections are interchangeable. All sections have bevelled edges.
- Single sections, bevelled on all four sides.
- Durable and easy to maintain.

Single Mat	27" x 36"	
Center Section	28" x 36"	
End Section	28" x 36"	

# Mat-A-Dor™ **HP**

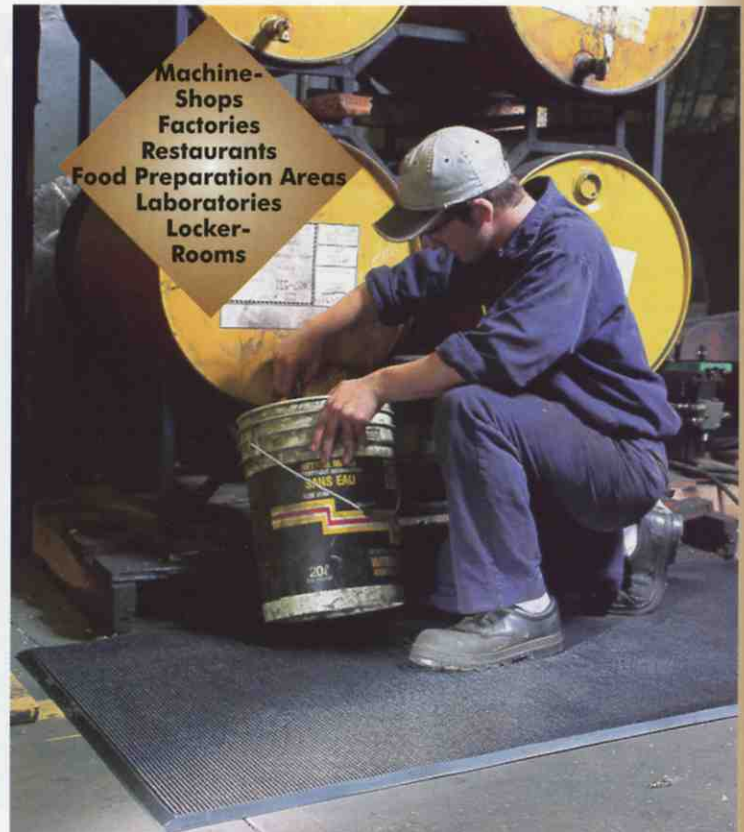

**CONSTRUCTION:**

- 100% molded rubber mat with over 2400 rubber fingers per square foot enclosed in a bevelled well.
- Mat-A-Dor™ has a 5 year warranty.
- Colour availability: black

**FEATURES AND BENEFITS:**

- This mat has outstanding anti-fatigue features, although it is commonly thought of as a scraper mat.
- 5/8" long fingers gently move to exercise and flex muscles, alleviating tension and soreness from fatigue.
- The safety bevelled well minimizes trip hazards while holding dirt and debris, until it can be easily removed by shaking or hosing.
- Raised finger construction allows air to circulate under the feet.
