

RUNNERS - The accident and safety awareness solution for industrial and commercial industries.

Sta-Kleen™

CONSTRUCTION:

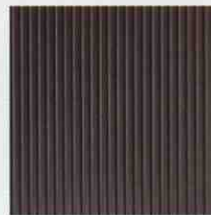

- Heavy duty extruded vinyl runner with a rounded ribbed surface and a rough, coarse-grained back.
- 1/8" thick.
- Colour availability: black or brown

FEATURES AND BENEFITS:

- Narrow, rounded ribbed surface reduces slipping, resists abrasion and increases traction.
- No special maintenance required, cleans with a broom or wet mop.
- Can be used in wet or dry areas and maintains the same level of strength and durability.
- Excellent chemical resistance to many commercial and industrial chemicals.
